Well here we are agen, struggulin on at the speed of lite (fuckin slow lite init) ARRRRGH who gives a shit anyway.

Judging by the response the last ishoo went down fairly well, so well, infact, that there is a LETTERS PAGE in this edishun, HOLY SMOKE! its all a compleet load of bollox of course, but thats your fault not mine!, if yoo do send letters in for that page, and at the same time rite in for back ishooz an' all, if yoo stick the two things on seperate bits of paper it meks it easier, and that way i dont hav to be a fashist dictator and edit the stuff if yoo get wot i meen, o.k.?

Wile were not on the subject, there are no back ishooz of number one or number two left at all, but there are a few number threes, although these are in pritty short supply to. To all yoo folks that have alredy ritten in askin for back ishooz and that i will get round to it one of the daze, i

espeshully apolojize to anybody whooz bin waitin for over a year or two reply, well shit, theres no rush is there?

Now wot else, s'pose we cud have a bit of a compotishun for summut to do, the title of this ishoo 'media blitz' is named after an album track of a fairly well known american Punk band from the 70's and seein as how it was such a long wile back the name of the LP was GI. also another kweschun is wot football team does Jimmy Donakey support?, now the anser to this kweschun is sumware in these pages, sort of! Rite then if yoo get the anwers to one of them kweschuns write to the adress above and you'll get a free copy of the next ishoo wen ever that cums out (wowie! better prizes than blankuty. blank or wot!) if yoo get um both rite yoo'll get the nekst to ishooz (double WOW!) oh, stop fuckin' moanin' yoo dont have to do it if yoo dont want. until next time gud bye space cats!

HER NEF'YOO....

...HE WOZ NOT THERE, DESPITE THE  
FACT THAT HIS LOVING AUNT BUYS

...AND THEN IN UNFERMILDER  
SURROUNDINGS THESE THREE  
HOODLUMS SPIKED HER DRINK  
WITH DROGGS....

...PRUGS, WICH MIXED WITH FEAR.  
CONFUSION AND DESPERATION  
FORMED A LETHAL COCKTAIL OF  
EMOTIONS, TO MUCH FOR EVEN A

HIGH MORAL STANDING! CAUSING A  
TEMPORARY INSANITY!

Hello there

after reading the first two episodes of Ika-bod-poo i was kwite lukin forward to the third episode. It seemed to be kwite a long time in coming out but it was well wurth the wait, fuckin brilliant! the story line was amazin and the bloo pencil was portrayed eksulluntley, i saw the real bloo pensil on television the other nite and i cudnt stop laffin knowin her husband is a vampire botty spanker! the bit about the one legged black lesbian woz great i fuckin hate those trendy lefty patranizing bastuds, yoo got them spot on. keep up the good werk!

Alrite mate,

One legged black lesbians with big noses! are yoo fuckin crazy or wot, yoo can get strung up for that sort of thing, its an outrage! no, seriously though i think yoo summed up the attitude of sum peepul, who show false conse-rn towards peepull just to make them selves look good, wen in reality they dont give a shit about anybody else but themselves, middle class basturds! I dont get why yoo woz takin the piss out of class war though, i reckun clas wars good, are yoo agenst it? I'm off now hope ikybod goes well and that the bloo pencil saws sum more coppers heads off!

Dear four king comics,

I thawt the drawings in your comics were very good

and the story was kwite well thawt out. However, there are a few faults with it, firstly i dont like the way yoo insisst on spellin every other wurd inkurrektley (whoops sorry) it seems very childish and rather pathetic. the english langwij has bin messed about far to much by the americans as it is with out yoo adding to it.

Secondly i think there is far to much emfussiss on telford, how are peepul supposed to relate to a place theyve never herd of? i wud presume the majority of your reeders do not live in telford ware is telford any way?

Thirdly, i found the piece about the one legged black big nosed lesbian kwite offensive, i dont think it is a good idea to get cheap laffs from making fun of peepul less forchoonut than our selves, that whole incident had bernard manning ritten all over it! i hope yoo will consider sum of the points i've raised.

all the best,
