So why don't we party together

I came to party
And you came to party
So why don't we party together

We roll up
Like no one can do it baby

It's lights out
Turn the f'king system up
It's one night
Rolling through your town
tonight
So stand up
Space and Cinema Bizarre

Strify:
So get up
Nod your head and tell me
It's what's up
It's getting hot and heavy
The phones on
Take a picture we don't care
So get up
Let me hear you sing it out

CHORUS:
I came to party
And you came to party
So why don't we party
together
I came to party
And you came to party
So why don't we party
together

We all stars
You and me and her together
We go hard
We don't give a f*ck whatever
It's one night
Throw your f*cking cameras up

It's Cherry Boom and RedOne

Strify:
So get up
Nod your head and tell me

I came to party
And you came to party
So why don't we party together

Know we got to go
Another show

CHORUS:

All the boyfriends hate me
Cuz their girlfriends love me
They love me, they love me
They hate me cuz they love me
And the boys can't stand it
When their girls go crazy
Go crazy, go crazy
That's why their boyfriends
hate me

If you got a girlfriend Ooh Ooh
That's too too bad
Too Bad
And if your girlfriend loves me
more than you
Too bad, Too bad
If you got a girlfriend Ooh Ooh
That's too too bad
Too Bad
And if your girlfriend loves me
more than you
Too bad, Too bad

She noticed me from the very
first time that I walked in
She whispered in my ear
that I looked so much hotter

than him
Doesn't matter if she meant it
or not, no
All I wanna do is drink
another shot, oh
At the very same time she says
the same line to you, my friend,
so oh

If your girlfriend's following me
then don't feel bad, no no
Cuz there's a million girls out
here you never had, woah
Don't be mad cuz she hittin on
me, no
Go and find another girl like
her though
At the very same spot
Where the girls them hot,
way-oh

CHORUS:

All the boyfriends hate me
Cuz their girlfriends love me
They love me, they love me
They hate me cuz they love me
And the boys can't stand it
When their girls go crazy
Go crazy, go crazy
That's why their boyfriends
hate me

She had my heart from the
very moment that I walked by
She walked me to the dance
floor forgetting all about that
guy
Told me that she liked
my accent
And now you wanna know
where she went
Well she's comin with me
Where the drinks are free
With table service, so

If your girlfriend's hittin on me
then don't be mad, no no
Cuz there's a million girls
out here you've never had,

way-oh
I know it's just the alcohol talkin
But all I wanna do is keep
barrin'
Fillin up another glass
Then I'm feelin on her ass,
way-oh

CHORUS:

All the boyfriends hate me
Cuz their girlfriends love me
They love me, they love me
They hate me cuz they love me
And the boys can't stand it
When their girls go crazy
Go crazy, go crazy
That's why their boyfriends
hate me

I'm not saying if it's wrong or
right, oh yea
And I'm not here just to start
another fight, oh no
But your girlfriend's standing by
my side, oh yea
And all I wanna do is to spend
the night

CHORUS

All the boyfriends hate me
Cuz their girlfriends love me
They love me, they love me
They hate me cuz they love me
And the boys can't stand it
When their girls go crazy
Go crazy, go crazy
That's why their boyfriends
hate me
(repeat chorus)

If you got a girlfriend Ooh Ooh
That's too too bad
Too Bad
And if your girlfriend loves me
more than you
Too bad, Too bad
If you got a girlfriend Ooh Ooh
That's too too bad
Too Bad

D-d-devastated (repeat 12x)

Chantelle:
When you went away
What is it you wanted to say,
oh yea
When you said to me
There's something I should
know
But you couldn't tell me right
now
Then your plane took off
Told me I'd have to wait, oh
yea
Hello, Hello
You told me that you'd call
when you landed at the airport
But I cannot sleep 'til you tell
me what's wrong
Put me out of this misery
I don't know what it is you're

gonna wanna say to me
Will I be

CHORUS:

Devastated
All my hopes run dry
Cuz tonight I'm devastated
You're my whole damn life
And now I
I'm devastated

D-d-devastated (repeat 4x)

When I left that night
I really didn't wanna fight,
no no
Turnin' off my phone
I didn't wanna argue
Cuz you don't trust me
Then I had to go
Spinnin' all around the world,
oh yea

When I go on tour
A million girls
Out there on the dance floor
Every girl I see is in love with
a DJ
And it gets out of control
Girl you know what it is
You know you don't trust me
So now you sing
I'm devastated

CHORUS:

Devastated
All my hopes run dry
Cuz tonight I'm devastated
You're my whole damn life
And now I
I'm devastated

D-d-devastated (repeat 4x)
And when I'm in the club
Dancing with girls you
don't know
They pouring drinks and mix it
up like its Serato
And all I talk about is you

But you don't hear me though
How do I get you to believe

CHORUS:

Devastated
All my hopes run dry
Cuz tonight I'm devastated
You're my whole damn life
And now I
I'm devastated

She'll make you feel invisible
She'll make you feel like you're
not in the room at all
She'll make your heart just
disappear
She'll make you feel like you're
nothing at all to her
And anything you just said is
forgotten anyway
And any romantic gesture is
just just shot away
And I don't know why I do it
but do it anyway

Guess I'm a glutton for
punishment just to runaway

CHORUS:
I-N-V-I-S-I am invisible

She'll make you feel incredible
She'll make a mark like
indelible ink on you
She'll make you dream a
thousand dreams
But when you wake up you're
waking up by yourself
And now you feel like a fool for
texting her everyday
Reading back my messages
and believing what she say
Why does she say the things
she say if she really don't
mean it
If there's a glimmer of hope
You know you can't believe it

CHORUS:
I-N-V-I-S-I am invisible

BRIDGE:

Like a magician
She wishin' that I would
disappear
But when I do
All she wants me to do is re-
appear
And I can't take it no more
So baby I'm outta here
And now my bottles are empty
So now my head is clear

CHORUS:
I-N-V-I-S-I am invisible

Last night I heard you
Talking in your sleep yeah yeah
It got me thinking
Of secrets that you keep
What do you dream of
When you're sleeping with me
And do you dream of me
When you're sleeping with him

CHORUS:

Talking in your sleep
You were talking in your sleep
(repeat)
Last night you told me
That you were all alone yeah
yeah
I tried to call you
But you turned off your phone
Your sister told me
That you were by yourself
That f'ing b*tch
I know you're with
somebody else

CHORUS:

Talking in your sleep
You were talking in your sleep
(repeat)

She makes me feel invisible
Just the thought of her with
someone else

I shoot myself way ooh
I wish I never heard her
She was talking in her sleep

Talking in your sleep
You were talking in your sleep

I'm the king of the club
Where's my table tonight
I need it close to the floor
Bring my sexy ministers
We got a meeting tonight
It's spinnin' outta control
Got Jesse to the left
Got Mimi to the right
We poppin' bottles all night
long

Gotta push 'em off the cliff
Gotta make them fall in love
Oh sh-- Love is so expensive

CHORUS:

I just spent my rent money
buying all the bottles
But I'm leavin' with two models
So I'ma be alright

I just spent my rent money
buying all the bottles
But I'm leavin' with two models
So I'ma be alright

Mr. Jackson has to wait
Hope he's sleeping tonight
Don't want him waiting
at my door
Cuz that will be embarrassing
to kick my ass out tonight

Oh man what am I to do
Keep Mimi for myself
Jesse will be for him
We'd have an after party
all night long
But what if he don't care
He'd ask me for his rent
Oh sh-- Love is so expensive

CHORUS:

I just spent my rent money
buying all the bottles
But I'm leavin' with two models
So I'ma be alright

I just spent my rent money
buying all the bottles
But I'm leavin' with two models
So I'ma be alright

BRIDGE:

She got me spending hard
Maxing out all my cards
But what she doesn't know is
I got no money to get home
No money for a cab
So it's back to the lab
My fault tonight
These girls are tight
So it's gonna be alright

CHORUS:

I just spent my rent money
buying all the bottles
But I'm leavin' with two models
So I'ma be alright
I just spent my rent money
buying all the bottles
But I'm leavin' with two models
So I'ma be alright

10. I WANT YOU BACK

PRODUCED BY SPACE COWBOY

WRITTEN BY NICK DRESTI

TIGER TRAX LIMITED (NS) ALL RIGHTS
ADMINISTERED BY WB MUSIC CORP.

I keep it to myself
I don't know what to do
'Cuz everyday when I wake up
All I do is think of you
I try to tell friends that there
is nothing wrong

But then they ask me why
I always play that song
The one that says 'I want you
back again'
The on that says 'I miss you as
a friend'
I know I was a bad boy
I made you wait
And now I know what I want
But now I think it might be too
late

CHORUS:

I want you back (yea yeah)
I want you back again
I want you back
I want you back again
I want you back
I want you back again
I want you back

I want you back again
And now I feel so low
I know where I can go
To drown my sorrows
And talk to somebody
I don't know
I go out every night and find
somebody new
The trouble is just that they
always look like you

The one that says 'Come home
with me tonight
And we can walk under the
stars tonight'
I know that she's a bad girl
and not so great
And now I know what I want
But now I think it might be too
late

CHORUS:

I want you back
I want you back again
I want you back
I want you back again
I want you back
I want you back again
I want you back
I want you back again

BRIDGE:

Funny how you always want
what you can't have
Funny how the grass is greener
on the other side
Funny how the tables turn
Play with Fire
You Get Burned
Some people will never learn

CHORUS:

I want you back

I want you back again
I want you back
I want you back again
I want you back
I want you back again
I want you back
I want you back again

I see your girl
But she don't do it like me
She's not that type
I see it in your eyes
You need a freak
Someone to keep a secret
A girl like me
Who knows what's on

your mind
You know I'm hot
I see you lookin' at me
Stop wasting time
And come with me tonight
Stop spending money on me
Make up your mind
If you're coming home with me
you're running out of time

My egyptian lover
There is no other (repeat)

I see you boy
But you don't holla at me
I think you're shy
I'll show you what to do
I'll be your dog
Come to you when
you call me
Just close your eyes
And dance with me tonight

You make me hot
You got me going crazy
You blow my mind
And make my heart go boom
Stop acting shady on me
And wasting time
And you can take me on your
magic carpet ride
